

**Delusion (Lyrics by Guido Block)**

**All this hate makes me so sad  
(All) in the name of god...that's mad  
Not even beasts behave this way  
Pain and war is what they pray!**

**History repeats itself again  
(‘cause) history is made by greedy men  
Selling ideals as they sold morality  
But only love can set you free!**

**Tell me just a way o get along  
The evil side of me is gettin' strong  
I don't wanna turn into something wrong  
I just want to turn you on!**
