

## **Father (Lyrics by Guido Block)**

**Father, father, father  
Never wrote a song for you  
Father, father, father  
I hope it's not too late to do  
Believe me when I say  
That I have loved you  
Everyday of my life**

**Father, father, father  
I never really talked to you  
Father, father, father  
A man does what he has to do  
Believe me when I say  
That I esteemed you  
Every day of my life**

**Father, father, father  
Thanks for all the love you gave to me  
Father, father, father  
Now I realize you'd set me free  
Believe me when I say  
That I will love you  
Everyday of my life**
