

**Foot the bill (Lyrics by Guido Block)**

**It's not a simple kind of madness...  
Why don't you tell me what is happening to you?  
All that you do are things that I can see...  
Look what you've done since I have set you free!**

**There's no excuse  
for all the terryfying news I've heard  
Today you're gonna pay the bill  
and don't you say a word!**

**How long can you go on like that?  
When do you think will your nature strikes back?  
Call it crack of doom – call it as wou want  
Now you're gonna foot the bill  
And then you're gonna see the dawn!**

**Take a look at yourself  
tell me what you see  
What you done to your world  
is what you done to me!**

**I'm really sick about your weakness  
Give me a reason to be lenient with you  
Don't you believe you'll get away with...man  
I'm gonna punish you as hard as I can!**

**There's no excuse  
for all the things you've done to ruin your world  
And now you're gonna foot the bill  
and don't you waste a word!**
