

Surprising Sue (Lyrics by Guido Block)

**Gonna tell you 'bout a gorgeous girl
She's got big blue eyes
She's got all the goods to make you sweat
She's got it all
Well she makes me high!**

**But everytime that I make love to her
There's something strange and I don't know why
The smell of rotten eggs is everywhere
And I sware that kind of stench
Can really blow your mind!**

**She's got the biggest boobs I've been between
And I've seen a lot of tits in my life!
She's got tattoos everywhere on her skin
In five words: she is not a child**

**But everytime when she makes love to me
There's something strange and I don't know why
I can't explain it man, what could it be?
But I sware that kind of smell
Can really blow your mind!**

**Surprising Sue I love you
Surprising Sue I love you**

**Let me tell ya 'bout a gorgeous girl
She's got big blue eyes
She's my beauty, called "Surprising Sue"
I adore her!
She's a butterfly!**

**But evertime that I make love to her
There's something strange: I know the reason why!
She starts to fart like only farmers do
And I sware her kind of wind
Can really blow your mind!**

**Surprising Sue I love you
Surprising Sue I love you
Surprising Sue I love you
Surprising Sue I love you**
