

**Tell me it's all right (Lyrics by Guido Block)**

**Life just ain't so bad  
Listen to me brother  
All you gotta do is be yourself  
Don't think about the others  
Makong money is so easy  
If you just don't care  
'Cause when you learn to know  
the real worth of money:  
don't you give a damn  
and everything will be o.k.**

**Take it easy man, believe me  
Until you got the time  
Carpe Diem! Enjoy your life  
Ain't not a crime  
Spending money is so easy  
If you just don't care  
'Cause when you learn to know  
The real worth of money!  
Don't you give a damn  
And everything will be o.k.**

**Tell me it's alright! Tell me it's alright!  
Tell me it's alright! Tell me it's alright, alright!**

**Money fakes security and power  
In a world of fake affairs  
Fake love, fake deep blue eyes  
The whole world got vitrified**

**Tell me it's alright! Tell me it's alright!  
Tell me it's alright! Tell me it's alright, alright!**
